

Denver Bowling Senate

On October 15, 2011 the Sights Unlimited Bowling Club proudly presented at their annual reception the TIPS Award to **Dr. H. Malcolm Newton** and **Jacqueline Cradle**. Each year this organization recognizes the outstanding work of those who have made significant contributions to the sport of bowling or to the community at large.

Dr. H. Malcolm Newton was selected for founding the Denver Institute of Urban Studies and Centre for Urban Research and Environmental Technology in 1998 which focuses on public policy issues in the interest of Urban poor. He also is the founder of Global Academy which is an alternative to a GED which allows a student to receive a real high school diploma. The school uses a combination of previous high school work, trade school work or career related internship development work and compiles theses experiences into creditable education credits. He also was instrumental in the preparation of a grant to the Department of Labor's Pathways out of Poverty grant program which received a grant for \$3.8million dollars to do green job training, life skills, career readiness training, support services and job placement assistance to the residents of North East Denver.

Jacqueline Cradle a member of the Denver Black Chamber of Commerce. She is a dynamo in the childcare arena assisting when possible families with other aspects and struggles in life. She is the founder of the Cradle Community Resource Center, A non-profit organization which helps to meet the needs of children by providing guidance in Medicaid assistance, food programs as well a child care resources. She is a Facilitator and Director of M/Pacts Girls Ministry and Women's Worth Ministry, both of which are dedicated to the assistance and advancement of girls and women.

Demonstrating the Real Reason for the Season

The Avengers Bowling Club is definitely making this a season for giving. During the year they had fund raisers to support their Outreach Program, which was created to assist families in need. On November 26- this bowling club was able to feed approximately 300 people a complete turkey and ham dinner! For Christmas they gave gift cards to four needy families.

The Outreach Program started in 1988, and has continually been able to help local families during the Thanksgiving and Christmas Holiday.
